MANAGEMENT | meaning in the  
Cambridge English Dictionary

It is an act of creating and  
maintaining such a business  
environment wherein the members of  
the organization can work together,  
and achieve business objectives  
efficiently and effectively.

Management acts as a guide to a  
group of people working in the  
organization and coordinating their  
efforts, towards the attainment of the  
common objective.

**Business Management Definition:**  
Everything You Need to Know  
Electronic business is a broader term that encompasses other common terms such as e-commerce and e-tailing. As more of companies' sales, marketing and other internal business processes are conducted digitally, electronic business processes such as customer relationship management (CRM), enterprise resource planning (ERP), and content management are becoming increasingly important.
