"Provide explicit, systematic phonics instruction and practice in just 15 to 20 minutes a day! Daily Phonics helps students gain the phonemic awareness, decoding, and word-study skills they need to read proficiently."--Publisher's website.

Contains 30 spelling units with lists from commonly used, commonly misspelled English words and words with common phonetic or structural elements, sentences for dictation, and student practice pages for each unit.

Using standardized testing formats, math skills are kept sharp with focused practice in computation, word problems, graphing, measurement and numbers. Includes scope and sequence charts and answer keys.

Lesson plans and activities to help teach basic science to elementary school level students.

Daily instruction on reading strategies and skills needed to improve comprehension and raise test scores.

Daily Language Review helps you build students' language skills with focused practice covering grammar, punctuation, usage, and sentence editing skills. And an all-new, easy-to-read scope and sequence chart helps teachers document the skills being covered. The set contains 5 Student books

Critical thinking skills are more important than ever in academic and real-world situations. Daily Higher-Order Thinking provides you with daily activities that build and grow students' problem-solving skills in engaging formats such as logic and visual puzzles, brainteasers, creative writing, picture comparison, word play, and "what if" questions. Daily 20-minute practice lessons help students apply critical thinking skills across subject areas. The lessons develop students' higher-order thinking skills and allow them to integrate their learning and make deeper connections between their learning and the real world. Use Daily Higher-Order Thinking for warm-up exercises, extension activities, early finisher tasks and small-group center activities to develop your students' critical and creative thinking skills. How it works: - Monday-Friday: Full-page daily

Access Free Grade 1 Evan Moor Workbook

activities focus on a specific behavioral verb each day. The verb is defined at the top of the page so students become aware of when and how they are using the thinking skill. - Each full-page activity gives students an opportunity to practice a higher-order thinking skill in the context of a different curriculum area. - Questions and tasks are open-ended and can be used to promote peer-to-peer discussions as students share and discuss answers, while also fostering critical thinking skills. - An answer key provides sample responses for each day's activities. Evaluate students' responses based on your own expectations and on what content your students have encountered. Grade 1 activities include: logic puzzles, language play, creative writing, drawing, and visual brainteasers. Daily lessons practice higher-order thinking skills such as: - Comparing - Grouping - Identifying - Inferring - Solving

Provides at-home practice that helps students build understanding of physical, life, and earth science. Includes engaging activities from songs, rhymes and hands-on projects to motivate and inspire. Aligned to Next Generation Science and state science standards.
