Merely said, the honda gx390 engine electric start installation is universally compatible

Honda Gx390 Engine Electric Start Installation

My Honda GX-340 is a recoil start only motor. I know that honda has 1 through 18 amp start systems for this engine. I thought that the basic GX-340 and GX-390 used the same charging components and was wondering if other more plentiful Honda engines such as vertical shaft lawn mowers would have some the components that could be used for my application.

I would like to convert my GX240 to electric start with a -
