It's sexy. It's roguish. It's hilarious. It's a sensational debut novel from London, a joyously comic take on modern marriage and its fallout. Single people may feel they have it rough...but wait until you see what happens when married folk fall in lust. Connie Green's life should be perfect. She has a hot career, her wonderful husband Luke, and a bunch of great girlfriends. But Connie has a big problem. She has just met overwhelmingly sexy John at a business conference. Her head

and her heart said, "no way," but her traitorous body shrieked, "yes, YES!" Now Connie's deep into a tawdry affair, which is destroying her peace of mind and her grand plan for Happily Ever After. Maybe John is her destiny. After all, she's losing weight. It can't be a bad thing if she's losing weight. Can it? Connie longs to confide in her girlfriends. They've always discussed their sex lives before, preferably over cocktails. But this infidelity thing makes it a trifle awkward. Rose would be horrified. For her, it's pretty clear-cut; nice girls don't have affairs. And Daisy is too busy being in love. Sam knows about John but she doesn't want to believe it. How could and why would Connie cheat on her lovely husband? Sam's working hard to ignore the fact that Connie's shagging John every chance she gets. Maybe Lucy would understand; she's bonking a married man herself. Connie just wishes Lucy would be a little less cynical about the whole thing. What Connie wants is...Well, Connie's not quite sure what she wants. And that's exactly the trouble. A novel for every woman juggling the untidy mix of work, romance, sex, and marriage, *Playing Away* shimmers with equal parts comic relief and penetrating insight. As Connie and her brave, silly, colorful friends search for answers along the precarious paths of love and lust, we glimpse more than a little bit of ourselves. With bold strokes both moving and outrageously funny, Adele Parks has crafted a stunningly revealing portrait of the lives of hip, urban women, poised at the cusp of a millennium.

"Don't ignore intuitive tickles lest they reappear as sledgehammers." That's the first rule of Ten. Tenzing Norbu ("Ten" for short)—ex-monk and soon-to-be ex-cop—is a protagonist unique to our times. In *The First Rule of Ten*, the first installment in a three-book detective series, we meet this spiritual warrior who is singularly equipped, if not occasionally ill-equipped, as he takes on his first case as a private investigator in Los Angeles. Growing up in a Tibetan Monastery, Ten dreamed of becoming a modern-day Sherlock Holmes. So when he was sent to Los Angeles to teach meditation, he joined the LAPD instead. But as the Buddha says, change is inevitable; and ten years later, everything is about to change—big-time—for Ten. One resignation from the police force, two bullet-wounds, three suspicious deaths, and a beautiful woman later, he quickly learns that whenever he breaks his first rule, mayhem follows. Set in the modern-day streets and canyons of Los Angeles, *The First Rule of Ten* is at turns humorous, insightful, and riveting—a gripping mystery as well as a reflective, character-driven story with intriguing life-lessons for us all.

In order to fit in at Mount Olympus Academy, new girl and forest-mountain nymph Echo copies the mannerisms of all the other students, but instead of ingratiating herself to her classmates, it only seems to grate on them.

First, I'll tell about the robbery our parents committed. Then about the murders, which happened later. It was more bad instincts and bad luck that lead to Dell Parsons' parents robbing a bank. They weren't reckless people, but in an instant, their actions alter fifteen-year-old Dell's sense of normal life forever. In the days that follow, he is saved before the authorities think to arrive. Driving across Montana, his life hurtles towards the unknown; a hotel in a deserted town, the violent and enigmatic Arthur Remlinger, and towards Canada itself. But, as Dell discovers, in this new world of secrets and upheaval, he is not the only one whose past lies on the other side of the border.

A literary thriller of heroin rings and headless bodies uncovers social ills and corruption in modern day Portugal, while as in all of Tabucchi's work blurring genre boundaries. Antonio Tabucchi, Italy's premier writer and a best-selling author throughout Europe, draws together Manolo the gypsy, Firmino, a young tabloid journalist with a weakness for Lukacs and Vittorini, and Don Fernando, an overweight lawyer with a professed resemblance to the actor Charles Laughton, to solve a murder that leads far up and down Portugal's social ladder. As the investigation leads deeper into Portugal's power structure, the novel defies expectations, departing from the formulaic twists of a suspense story to consider the moral weight of power and its abuse.

A valuable, thought-provoking look at the best ways riders and horses can learn and improve together. Riding well can be a puzzle. This book puts together the pieces, including: How humans and horses learn. Striving for partnership vs. dictatorship. Early training and developing skills. Demystifying equestrian-speak. Dressage outside the arena. Ground poles for the rest of us. Jumping and cross-country tips. Solving problems, wherever you ride. Competition psychology. Being coached and being a coach. "This book is aimed at riders, coaches, and anyone interested in learning more about how humans and horses interact. I have tried to harness my own experiences when I cover the three main disciplines—dressage, show jumping, and eventing—and how they relate to one another. I look at how those in a coaching position can guide riders to perform better by making their lives less complicated and more fulfilling, and I examine how riders can apply the same principles to training their horses and become self-sufficient." —Eric Smiley

him his life. Venture into the vault if you dare. But don't say we didn't warn you.

"You're mine or you're his. I don't share." Caterina Zanetti has it all: a charmed life in the elegant, residential areas of Rome, a top of the range car, an aristocratic boyfriend and a glorious future as a pampered society housewife. Until her father persuades her to move to the USA and spend her second year of college at UCF in Orlando. In less than twenty-four hours, before she's even got over her jet lag, her whole life is turned upside down. Just one look at her handsome next-door neighbor is all it takes for her to question her perfect, programmed existence. "That's exactly the kind of guy you need to stay away from" her father warns as they get out of the taxi. Yes, because Benjamin Carter looks exactly like the kind of bad boy who makes smart girls do stupid things. Everyone thinks he has it all: women literally fall at his feet, he has the highest grades on his course and he's the singer in one of the most popular college rock bands in the city. Yet something is missing. Someone is missing. Someone who can help him realize that not everything in life is black or white, who'll stand up to him and force him to take off the mask he's been hiding behind all his life. And apparently, that someone has the yellow eyes of a wild cat and a sexy Italian accent that drives him crazy. Will he win the heart of the beautiful foreign student who is intent on keeping him at arm's length or, in the end, his wild, impetuous character will ruin it all? Matching Scars Series: → Choose Me can be read as a stand-alone. The second and the third novels of the Series must be read only after Choose Me.
