Early 20th century American labor  
and working-class history is a subfield  
of American social history that  
focuses attention on the complex  
lives of working people in a rapidly  
changing global political and  
economic system. Once focused  
closely on institutional dynamics in  
the workplace and electoral politics,  
labor history has expanded and  
refined its approach to include  
questions about the ...

During the early history of Oxford, its reputation was based on theology and the liberal arts. But it also gave more-serious treatment to the physical sciences than did the University of Paris: Roger Bacon, after leaving Paris, conducted his scientific experiments and lectured at Oxford from 1247 to 1257. Bacon was one of several influential Franciscans at the university during the 13th and ...
