your Ford car. Read it carefully—particularly the instructions on lubrication, the cooling system, care of battery, etc., which are absolutely necessary to economical and satisfactory operation. Your car is a splendid piece of machinery. If properly cared for, it will give you years of satisfactory service at little cost. When repairs are needed, we recommend having the work done by an authorized Ford dealer. They are provided with special service equipment. Furthermore they are interested, more than any one else, in your personal satisfaction with the car.

First published in French in 2010, *Equaliberty* brings together essays by Étienne Balibar, one of the preeminent political theorists of our time. The book is organized around *equaliberty*, a term coined

by Balibar to connote the tension between the two ideals of modern democracy: equality (social rights and political representation) and liberty (the freedom citizens have to contest the social contract). He finds the tension between these different kinds of rights to be ingrained in the constitution of the modern nation-state and the contemporary welfare state. At the same time, he seeks to keep rights discourse open, eschewing natural entitlements in favor of a deterritorialized citizenship that could be expanded and invented anew in the age of globalization.

Deeply engaged with other thinkers, including Arendt, Rancière, and Laclau, he posits a theory of the polity based on social relations. In *Equaliberty* Balibar brings both the continental and analytic philosophical traditions to bear on the conflicted relations between humanity and citizenship.
