ORDER NOW and distract your opponent attention during your next play.

In this account of how the novel reorients philosophy toward the meaning of existence, Yi-Ping Ong shows that the existentialists discovered a radical way of thinking about the relation between the form of the novel and the nature of self-knowledge, freedom, and the world. At stake are the conditions under which knowledge of existence is possible.

A little duck finds adventure on the Yangtze River when he is too late to board his master's houseboat one evening.

With the visual ingenuity of Press Here and the emotional resonance of What Do You Do with a Problem?, this wise and timely book about the fragile art of personal connection will strike a chord with children and adults alike. In the era of social media, communication feels both more anxiety-producing, and more inescapable, than ever before. This clever, comforting picture book debut explores the challenges and joys of self-expression and social connection. Using an imaginative visual metaphor to bring to life how we send out (ping!) and receive (pong!) communications, Ani Castillo's words and pictures will empower and inspire anyone who has experienced the fear of sharing themselves with the world. With an artful, accessible package, an eloquent message, and a lot of heart, here is a new classic to bring courage and comfort to humans of all ages.

This is a book of encounters. Part memoir, part essay, and partly a guide to maximizing your capacity for fulfillment and expression, The Poetry of Everyday Life taps into the artistic side of what we often take for granted: the stories we tell, the people we love, the metaphors used by scientists, even our sex lives. A folklorist, writer, and cultural activist, Steve Zeitlin explores how poems serve us in daily life and how they are used in times of personal and national crisis. In the first book to bring together the perspectives of folklore and creative writing, Zeitlin explores meaning and experience, covering topics ranging from poetry in the life cycle to the contemporary uses of ancient myths. "This convergence of poetry and folklore," he suggests, "gives birth to something new: a new way of seeing ourselves, and a new way of being in the world." Written with humor and insight, the book introduces readers to the many eccentric and visionary characters Zeitlin has met in his career as a folklorist. Covering topics from Ping-Pong to cave paintings, from family poetry nights to delectable dishes at his favorite ethnic restaurants, The Poetry of Everyday Life will inspire readers to expand their consciousness of the beauty that resides in everyday things and to use creative expression to engage and animate that beauty toward living a more fulfilling awakened life, full of laughter. To live a creative life is the best way to engage with the beauty of the everyday.

A renowned diagnostician shares stories of his patients and explores the importance of the human factor in medicine. In The Art of Medicine, Toronto Western Hospital's internist Dr. Herbert Ho Ping Kong draws

## Where To Download The Art Of Ping The Buck Vol Secrets Of Wills And Trusts Revealed

on his vast dossier of personal cases and five decades as a clinician to examine the core principles of a patient-centered approach to diagnosis and treatment. While HPK, as he is fondly known, recognizes and applauds the many invaluable innovations in medical technology, he makes the point that as disease and its management grow increasingly complex, physicians must learn to develop an arsenal of more basic skills, actively using the arts of seeing, hearing, palpation, empathy, and advocacy to provide a more humane and holistic form of care. Aimed at medical practitioners, aspiring doctors, or anyone interested in health and medicine, this book also contains interviews with more than a dozen of HPK's patients, as well as short essays that explore the thinking of his professional colleagues on the art of medicine.

Ralph D. Sawyer is the preeminent scholar and translator on Sun-tzu's masterful work. More than 200,000 copies of his Sun-tzu Art of War and more than 55,000 copies of The Complete Art of War have been sold. The Art of War is the most famous study of strategy ever written and has had an extraordinary influence on the history of warfare. The Essential Art of War brings Sun-tzu's classic work to a new, uninitiated readership. This clear and compact volume presumes no prior knowledge of the subject and presents only the material that is essential to understanding this text. Using his best-selling Art of War translation as the centerpiece, Sawyer has re-approached every chapter to include an introduction and closing commentary that deliver the key concepts. An introduction to the volume on the relevance of Sun-tzu's teachings, a chronology, historical background on the translation itself, and a bibliographic essay are also included. The Essential Art of War is presented in an attractive 208-page hardcover volume with foiled jacket, stamped case, and ribbon marker, in a convenient gift size.
