What's it like when Axl Rose calls you out in a song? | Louder

Mick Wall (born 23 June 1958) is a British music journalist, author, and radio and TV presenter. He has been described as "the world's leading rock and metal writer".. Wall began his career contributing

to the music weekly Sounds in 1977, where he wrote about punk and the new wave, and then rockabilly, funk, New Romantic pop and, eventually, hard rock and heavy metal.

Mick Wall - Wikipedia

W. Axl Rose (born William Bruce Rose Jr.; raised as William Bruce Bailey; born February 6, 1962) is an American musician, singer, songwriter and record producer. He is the lead vocalist and lyricist of the hard rock band Guns N' Roses, and has also been the band's sole constant member since its inception in 1985. He has also toured with Australian rock band AC/DC, deputising for Brian Johnson.

Axl Rose - Wikipedia

Few people have studied Rose as closely as Mick Wall has. Traveling with Guns n' Roses and writing about them in the late 1980s and early 1990s, Wall first earned Axl's trust and later his fury.

Read "W AXL ROSE Biographie non officielle" by Mick Wall available from Rakuten Kobo. Talentueux, provocateur, controversé... Tels sont les mots qui viennent à l'esprit lorsque l'on évoque W. Axl Rose, le cha...

A journalist who had unprecedented access to Guns n' Roses at their peak delivers a big, brash history of the band's charismatic, fantastically talented and idiosyncratic leader—W. Axl Rose Even in the world of rock and roll, a figure like Axl Rose doesn't come along very often. Mercurial and brilliant, deluded and imperious, Rose defies easy description or analysis. Few people have studied Rose as closely as Mick Wall has. Traveling with Guns n' Roses and writing about them in the late 1980s and early 1990s, Wall first earned Axl's trust and later his fury. W.A.R. goes back to the beginning, revealing Rose's childhood influences (and how he got his name), and tracking the birth of the band and their enormous success with albums like "Appetite for Destruction" and "Use Your Illusion." With fame and money came substance abuse and infighting, and a lead singer who morphed from eccentric to seemingly unhinged. Wall's book is richly detailed and offers surprising new views on some celebrated Guns 'n Roses and Axl Rose incidents, including: --the death of two fans at a concert in Donington Park in England, --Rose's fall-out and eventual split from every one of the other original Gn'R band members, --fights with perceived enemies like Kurt Cobain, Motley Crue's Vince Neil and fashion designer Tommy Hilfiger, --Rose's consistent refusal to show up at concerts throughout his career, --Axl becoming a virtual recluse at his Malibu mansion for most of the past 15 years. The book goes right up to the present, to explore why a new Guns n' Roses—with a reconfigured band—has toured but still hasn't released their long-awaited album "Chinese Democracy", now over a decade in the making at a cost of over \$13 million. W.A.R. is about great music, bad relationships, and the public and private personas of one of the most controversial performers of our time.

Axl Rose is one of rock's most colourful figures and yet his story has never been properly told until now. Mick Wall knew the original line up of Guns N' Roses before they were famous and has interviewed them many times. Drawing on exclusive unpublished material he has written a no-holds barred study of the turbulent life and career of the group's singer and leader. Wall describes Axl's difficult childhood in Indiana and how, after escaping to LA he and his fledgling band struggled to survive until they were signed up by Geffen in 1986. The first album Appetite for Destruction turned them into stars but the band's lurid lifestyle took its toll - they embarked on a two-year tour that sounded the death knell for the original line-up. As their lives slipped out of control, the original members bar Axl all left. Axl himself turned into an increasingly reclusive figure. For the past thirteen years he has been working on a long-awaited album, Chinese Democracy, and finally in 2006 re-emerged into public view as the latest Gun N' Roses line-up embarked on a world tour. Scrupulously researched and vividly written, W. Axl Rose is an explosive biography of rock's biggest living legend.

The New York Times bestselling epic tale of the last great rock band From the bestselling author of Hammer of the Gods comes the complete story of Guns N' Roses ? from their drug-fueled blastoff in the 80s to the turbulent life of legendary singer Axl Rose, and his fifteen-year, multimillion dollar quest to make the perfect hard rock album. Riotous world tours. Drug-induced rampages. One hundred millions albums sold. In his sixth major rock biography, Stephen Davis details the riveting story of the last great rock band. Watch You Bleed documents the life of every band member, including the improbable story of W. Axl Rose. Davis brilliantly captures the Guns' raw power ? from the gutters of Sunset Strip to the biggest stadiums on the planet. Based on exclusive interviews, private archives, and packed with stunning revelations, Watch You Bleed is the savage, definitive, and highly unauthorized story of Guns N' Roses. For the first time, millions of fans will learn the whole truth about this legendary band.

Includes brand new chapter covering Guns N' Roses epic world tour. Many millions of words have already been written about Guns N' Roses, the old line-up, the new line-up. But none of them have ever really gotten to the truth. Which is this: Guns N' Roses has always been a band out of time, the Last of the Giants. They are what every rock band since the Rolling Stones has tried and nearly always failed to be: dangerous. At a time when smiling, MTV-friendly, safe-sex, just-say-no Bon Jovi was the biggest band in the world, here was a band that seemed to have leapt straight out of the coke-smothered pages of the original, golden-age, late-sixties rock scene. 'Live like a suicide', the band used to say when they all lived together in the Hell House, their notorious LA home. And this is where Mick Wall

first met them, and became part of their inner circle, before famously being denounced by name by Axl Rose in the song 'Get in the Ring'. But this book isn't about settling old scores. Written with the clear head that 25 years later brings you, this is a celebration of Guns N' Roses the band, and of Axl Rose the frontman who really is that thing we so desperately want him to be: the last of the truly extraordinary, all-time great, no apologies, no explanations, no giving-a-shit rock stars. The last of his kind.

Hanging out with rock stars, trying to steal their chicks, or throwing up over their guitars after launching into the hospitality a little too enthusiastically, Mick Wall spent much of the 1980s sprawled in limos and five-star hotels with the biggest rock bands in the world, including Led Zeppelin, Guns N' Roses, Metallica, Black Sabbath, Mötley Crüe, Thin Lizzy, Deep Purple, Alice Cooper, Van Halen, Motörhead and more. He was Kerrang! magazine's star writer and the presenter of Monsters of Rock, his own weekly show on Sky TV, and the decade passed in a blur of hard drugs, hot women, and some of the heaviest people your mother definitely would not like. Depicting a world where vague concepts like 'the future' are disdained in favour of nights that last a week and weeks that last forever, Getcha Rocks Off is a rock apocalypse Cider With Roadies, and a more frank and disturbing Apathy for the Devil. It is the kind of book you need to put on your leather jacket to read, open that bottle of Jack and reach for the Charlie. And let the good times roll...

The first significant fresh reporting on the legendary band in twenty years, built on interviews with all surviving band members and revealing a never-before-seen side of the genius and debauchery that defined their heyday. Veteran rock journalist Mick Wall unflinchingly tells the story of the band that pushed the envelope on both creativity and excess, even by rock 'n' roll standards. Led Zeppelin was the last great band of the 1960s and the first great band of the 1970s—and When Giants Walked the Earth is the full, enthralling story of Zep from the inside, written by a former confidante of both Jimmy Page and Robert Plant. Rich and revealing, it bores into not only the disaster, addiction and death that haunted the band but also into the real relationship between Page and Plant, including how it was influenced by Page's interest in the occult. Comprehensive and yet intimately detailed, When Giants Walked the Earth literally gets into the principals' heads to bring to life both an unforgettable band and an unrepeatable slice of rock history.

Whether it's hanging around with Marillion's Fish in Berlin, seeing Whitesnake fail to ignite 1985's Rock in Rio, talking through old times with Jimmy Page in his Berkshire pile or following Ozzy Osbourne to Moscow, there isn't a rock luminary that Wall hasn't cross-examined or kept the flame burning with at some point over the

last thirty years. Here, amongst several pieces, he catches Lars Ullrich just on the cusp of world domination; has dinner with Ritchie Blackmore on the eve of a Deep Purple comeback; and is up all night in LA with W. Axl Rose. APPETITE FOR DESTRUCTION gathers together Wall's journalism for Kerrang!, for whom he was the star writer in their eighties heyday. It also features brand-new introductions to all the pieces, written with maybe less hair but also the benefit of twenty years' hindsight.
